

Chapter/Affinity Group: UK&I AESS Chapter / AES10
 Reported by: Dr. M. Ritchie

Key Achievements & member services in 2021

- New co-chair
- Promoted to IEEE Radar Systems Panel. This gives exposure to leading IEEE experts around the world and should help with arranging further distinguished lectures from high profile speakers
- Seminars
 - Deployment of a commercial Passive Radar system at the Square Kilometre Array Radio Telescope – Stephen Paine (UCT)
 - Quantum Radar: The Road Ahead – Athena Karsa (York University)

Plan of activities for 2022

- Planned event for June 2022 at UCL with EMSIG community. First in person event for a number of years
- Increase membership within the UK.
- Seminars from distinguished lectures. Prof. Hongbo Han ASTAR 1st speaker

Focus areas (2022-2023)

2021 Goals	2021 KPIs met?	2022 Goals	Challenges to reach KPIs/ Resources
Maintain virtual talks	Achieved. Would have liked more	In-person event	COVID
Grow membership	Did not meet this	More high-profile speakers	Attracting the right presenters and getting them to committee to talk
In-person event	Did not meet this but planning now for June 2022	Increasing membership	Reaching the right people and demonstrating value of IEEE AESS membership
